

Utilisation of Space Across Campus through the Use of ICT

Location: Lecture Theatre A, Watson Building, University of Birmingham, Edgbaston Campus, B15 2TT.

Date & Time: 24th August, 2011 from 9:30am to 2:00pm R&R from 9:00 am

The event will provide an opportunity for you to:

Learn how FHE institutions are Using ICT to make the most of available space across campus and how they are improving the pedagogic experience in the process.

Hear from the JISC funded **Heat & Light by Timetable** project team members from Leeds Metropolitan University whose research is changing the way institutions provide essential services to their buildings.

See what technologies are available to help your institution make sustainable ICT changes at minimal cost.

Hear from space utilisation architects and leaders in FHE estates management sector on how to make the most of your surroundings while at the same keeping running cost to a minimum.

Network with peers from other universities and colleges who are experiencing similar problems managing the limited available space on their estates and learn how they are tackling the most pressing issues.
