

GreenGo!

says

**“YOU DON'T HAVE TO BE A
SUPERHERO TO
HELP SAVE THE WORLD!”**

Here at Borders College we are taking some simple steps to contribute towards environmental awareness.

- Waste wood recycling
- Paper, plastic and rubbish recycling
- Inactive automatic computer shutdown
- Use of low energy bulbs
- Use of auto light sensors in classrooms
- Encouraging staff and students to 'Switch Me off before you Go Go'
- Regular sustainability meetings

Join us on our mission to make this
World a Greener place!
