

EAUC Campus Sustainability Programme Jan – May 2008

The EAUC Campus Sustainability Programme (CaSPr) is run through the Environmental Association for Universities and Colleges – Scotland Branch. It is funded by Scottish Executive Sustainable Action Fund and by the Scottish Funding Council to improve the environmental performance of further and higher education in Scotland.

This events programme aims to build on previous sessions as part of our one-stop-shop approach to assisting the sharing of knowledge and experience across the sector. Further details will be posted nearer each event on the www.eauc.org.uk/events web page and circulated via the EAUC-CaSPr email list.

However if you are interested, note the date and email info@eauc.org.uk to book your place now.

Event	Purpose	Attendees	Date	Place
Energy Performance Certificates and Energy Efficiency*	Exploring Energy Audits, Display Energy Certificates and the practical steps to reduce energy consumption	Staff responsible for energy management	Friday morning 25 Jan 2008	Heriot Watt University (Cedar Suite, Hugh Nisbet Building)
Energy Networking Meeting*	Sharing understanding of new legislative requirements – such as Carbon Reduction Commitment – and how the sector should respond	Staff responsible for energy & water management	Friday afternoon 25 Jan 2008	Heriot Watt University (Cedar Suite, Hugh Nisbet Building)
Construction Networking Meeting Achieving Sustainable Construction / High Performance Buildings *	To launch the HEEPI Guide on High Performance Buildings, share best practice in delivering buildings with long life, loose fit and low energy characteristics; and to discuss institutions' minimum recycled content reporting requirements	Estates development / procurement – particularly those working / planning capital projects	CHANGE OF DATE Monday 10 March (was previously Wed 6 Feb)	University of Edinburgh (Room G43, Paterson's Land, Moray House School of Education)
A Climate Change Commitment for Scotland's Universities and Colleges	To discuss how Scotland's Climate Change Declaration could be taken forward by universities and colleges – supporting the Scottish Government commitment for an 80% CO ₂ cut by 2050.	All those responsible for and interested in developing a sector response to Scotland's Climate Change Bill	Tuesday 12 Feb 2008	University of Edinburgh (Paterson's Land Board Room, Moray House School of Education)
EAUC-Scotland Conference	This conference will celebrate and feedback the outcomes of the first three years of CaSPr. It will focus on the need for corporate governance and on new initiatives planned for 2008-2011.	Staff responsible for promoting Sustainability and CR in FHE and our stakeholders	Tuesday 6 May 2008	Queen Margaret University (Edinburgh / Musselburgh)

*These events are associated with the EAUC-Scotland's Topic Support Networks

Plans for the continuation of EAUC's Campus Sustainability Programme (CaSPr) over 2008-2011 are well in hand and will be widely communicated before and at the national conference now planned for 6th May 2008.

To contact Inga Burton and John Forster, EAUC CaSPr programme managers, email caspr@eauc.org.uk or see the website at http://www.eauc.org.uk/campus_sustainability_project

For information on EAUC, or if you would like to be added to the EAUC CaSPr email list to receive information about all future activities, please contact Katy Richardson at the EAUC National Office info@eauc.org.uk
