Latest News and Opportunities

Submit a session proposal and get 10% off your delegate booking

Deadline 1st March

INFLUENCE!
Inspiration and insight to change minds and policy

19 - 20 June 2019
University of Manchester

Headline Sponsor
CarbonCredentials

ea
The Alliance for Leadership

Four reasons why we're encouraging our members to submit a session proposal for INFLUENCE!

1. Showcase your interesting and innovative approaches to sustainability with examples of good practice and real actions for delegates to take away
2. The academic sessions which have been submitted will contribute to a special edition of the **International Journal of Sustainability in Higher Education**
3. Present your work to a new audience and gauge different perspectives and feedback on your project from peers
4. As a thank you for contributing to our conference, we are able to offer all significant, direct session contributors a **10% discount** off their conference delegate package

Why should I attend?

[INFLUENCE!](#) will explore the power of our personal and professional leadership and empower us all to persuade, motivate and inspire those around us. Delegates from every part of the post 16 education sector will come together at [INFLUENCE!](#) to build new insight and skill to shape and bring about sustainable institutions.

Don't miss out on the Early Bird Packages available until 30th March 2019!

Does your institution have a Sustainability Report?

www.eauc.org.uk

Click here to
your reso

We know that sometimes access to resources in a timely manner can be very limited, so we would like to invite our members to [submit a link to their publicly available Sustainability Report](#) to be stored on the EAUC website. This is a new resource that will enable you to share best practice actions implemented in your organisation with your peers and to help improve reporting for the sector.

Creating Spaces to Enhance the Learning Environment
Panel Debate

Join [Interface on Thursday, 28 February 2019 from 16:00 to 19:30](#) for a **FREE** evening panel debate hosted by Interface Sustainability Manager, Jon Khoo, to discuss the latest in design and sustainability in the further and higher education environment.

Learn from industry experts such as Dr Alex Ryan (University of Gloucestershire - EAUC member), Professor John French (University of Cambridge Institute for Sustainability Leadership and EAUC Trustee) and Oliver Heath (Architectural & Interior Designer) how universities and colleges can promote student and staff well-being, embed sustainable practices and push boundaries in relation to campus development. Green Gown Awards Spotlight

Campus of the Future

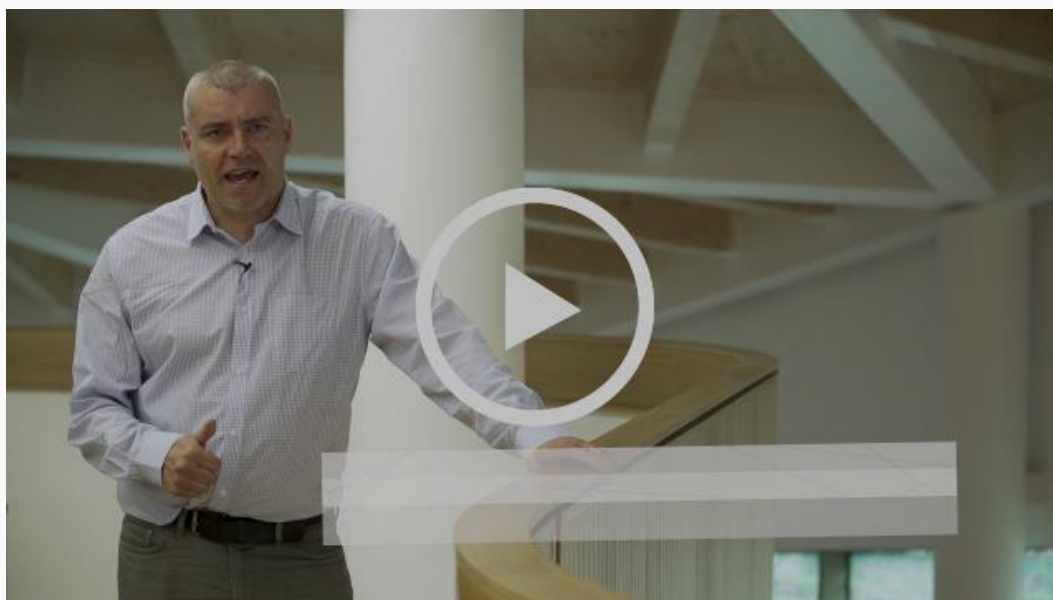

Winner

Sponsored by

The Urban Sciences Building (USB) is a building-as-a-lab (BaaL) dedicated to interdisciplinary sustainability research containing many features and activities to reduce emissions in comparison to a notional 'Building Regs minimum' building of the same size.

Other Highlights

Welcome to our new team members

We are glad to welcome the new EAUC Scotland team members, [Lauren La Rocca](#) (bottom right) - Sustainability Engagement Project Officer and Carbon and [Jill Burnett](#) (up left) - Estates Project Officer. With a solid experience in the sector, their contribution will be highly beneficial to continue to support our members.

[Find out more about the EAUC team here.](#)

Report: The Role of Institutions as Places of Good

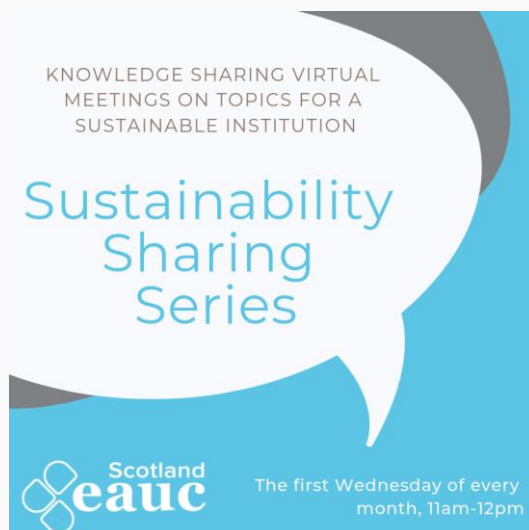

We welcome the UPP Foundation Civic University Commission [report](#) that highlights the role of universities as 'places of good'. EAUC and [AUDE](#) recently launched the [Sustainability Leadership](#)

Blog: Six Sustainable Innovations Shaping Construction

Jennifer Turner, a manager at [Protection Supplies](#), tells us about some sustainable innovations that could well shape construction across campuses. With urbanisation showing no signs of slowing down, construction should only continue to grow if it becomes more conscious of the climate. [Click here to read more about the cutting-edge yet conscious building materials of the future](#), which are enabling the construction sector to reduce their CO2 output.

[Scorecard](#) which helps leaders think and function in an integrated and systemic way. We encourage Civic University Agreement signatories not already using the Scorecard to collaborate with their sustainability teams and use [this powerful tool](#) to ensure their university or college are indeed places of both civic and planetary good.

Join the Sustainability Sharing Series

Join us for our monthly [Sharing Series](#). This is an informal series where people working within further and higher education are invited to meet through our virtual meeting platform (ZOOM) to share their experiences, debate and ask questions around specific topics connected to sustainability in an institution. The next session is on 6 March and focuses on **Lowering the Carbon Impact of ICT**. [Book your place here](#)

Advocacy

Want to know how we are having a greater voice at the societal level on your behalf?

Latest activities:

- Attended a high-profile DEFRA roundtable, chaired by Secretary of State Michael Gove on the Environment Bill.
- Submitted further evidence to DEFRA on the scope for new environmental targets within the Environment Bill. This will be published on the EAUC consultations page on Friday, 22nd February.
- Invited to attend a Broadway Initiative taskforce meeting titled 'Shaping the future: Setting the Environmental Objectives for the Environment Bill' in February.
- Started to draft three consultation responses on sustainability in education, and two on plastic and waste. Please get in touch if you would like to be involved.
- Attended a virtual meeting with the Higher Education Sustainability Initiative (run by the UN) to discuss the 2019 UN High Level Political Forum and the involvement of the SDG Accord as represented by EAUC.
