

# Solar Independence Day 2015

Friday 3 July and Saturday 4 July 2015

The UK's annual solar celebration showcasing solar homes, solar schools, commercial solar rooftops and solar farms – and this year it will be an opportunity for the newly elected government to learn more about the unfolding solar revolution. Come and visit a local solar farm or business near you.

# How you can get involved

## Solar homes

- Join the [Facebook event](#) and show off your output on [Generaytor](#)
- Sign up to potentially host a visit from your local MP
- If you aren't on social media, email us a photo of you and your system on the day to [news@solar-trade.org.uk](mailto:news@solar-trade.org.uk)
- Invite the local community to visit a showhome

## Commercial solar rooftops

- Organise a team photo of your staff and your solar installation on the day for social media
- Invite your local newly elected MP to visit the facility
- Arrange a visit for a local school

## Schools

- Visit a local solar farm or factory
- Use our lesson plans to integrate solar into teaching on the day
- If you have solar on your roof take a photo of your students and your solar on the day for social media

## Solar farms

- Organise an Open Day for the local community for the Friday or Saturday
- Consider providing music, food and drink and tours of the site
- Arrange a visit for a local school

## NGOs and civil society

Promote the event to your members, on social media or organise your own event as part of the day.
