

# ADVANCED LEVEL

**Waste Smart is part of CIWM's portfolio of foundation level waste management training. It is offered in two course options, a half day Foundation Level and a full day Advanced Level, both of which are aimed at and relevant for employees in every type of business.**

The courses are designed to improve compliance and encourage a culture of more sustainable waste and resource management, however most importantly it will help to reduce your company or organisations waste costs.

Every organisation has a different way of dealing with their waste based on the type and amount that is produced, and the Advanced course option is aimed at delegates whose role deals predominantly with the management of wastes within their business, and whose decisions have the ability to influence a significant level of change within company policy and routine.

## **AIMS:**

To provide you with the knowledge, understanding and skills to:

- Ⓞ reduce costs and aid compliance by preventing wastes arising from workplace activities
- Ⓞ improve the management of wastes that are unavoidable

## **COURSE CONTENT:**

The course is comprised of 9 sessions:
